FAUX-FLAKE QUILT PATTERN

About the pattern

This quilt can be made using rectangular strips, but to achieve a really unique texture I highly suggest making this entirely out of 2” half square triangles (HST). I encourage you to make these HSTs in the most convenient manner. Triangles On a Roll, Die Cutter, templates or good old fashion measuring and cutting are all great options. It is very important to stay organized with your blocks, since they are each unique and specific placement is required. The quilt has been broken down into blocks, and each block is broken down to assist with planning.

Finished Size
50.5”x70.5”

Fabric Requirements

Triangles On a Roll Half Square, 2”
2 rolls
* Refer to page 18 for tips on using these

Background Fabric
4.5 yards

Grey Fabric
1 yard

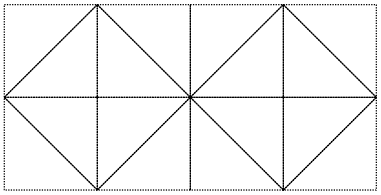
Blue Fabric
1 yard

Silver Fabric
0.5 yards

Batting
Twin Size

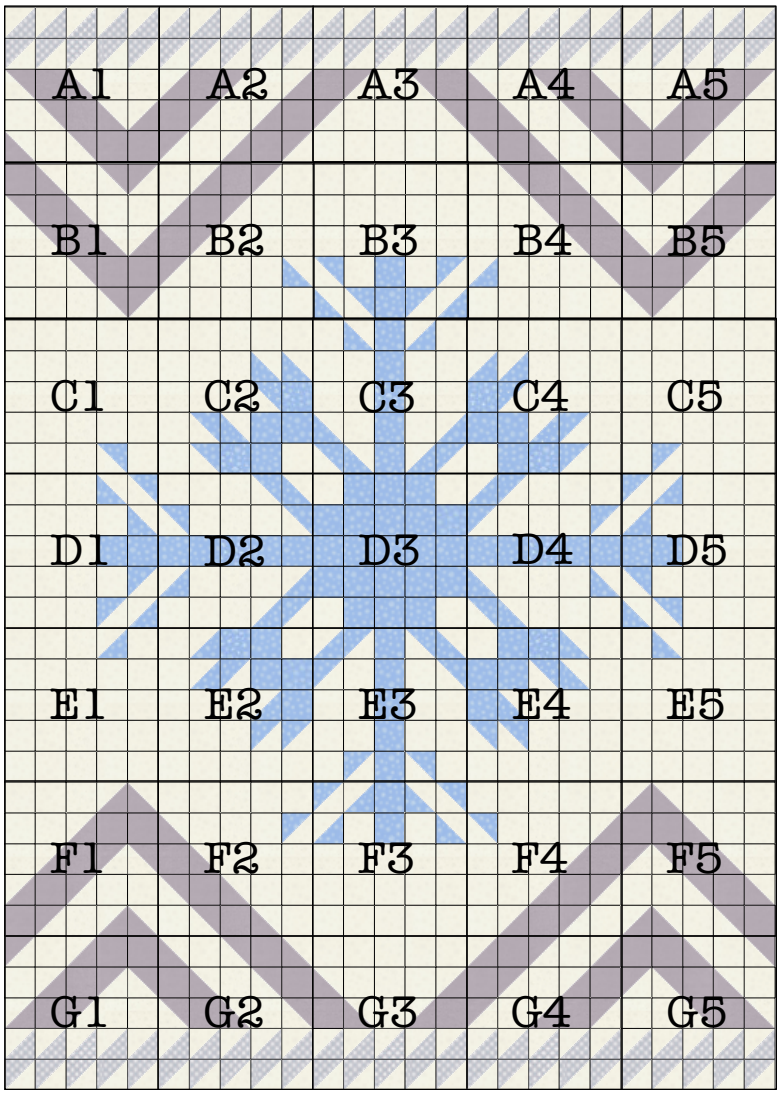
Faux Fur Backing
2.5 yards

This is what the Triangles On A Roll cut will look like for our desired cut. A 12”x6” cut yields 16 HSTs.



Cutting Requirements

Fabric	Number of 12” x 6 “ cuts
Background Fabric	72
Silver Fabric	7
Grey Fabric	17
Blue Fabric	29
Total Cuts	**125**



Each HST will measure 2.5”x2.5”. (Seam allowance included)

Each block will measure 10.5”x10.5”. (Seam allowance included)

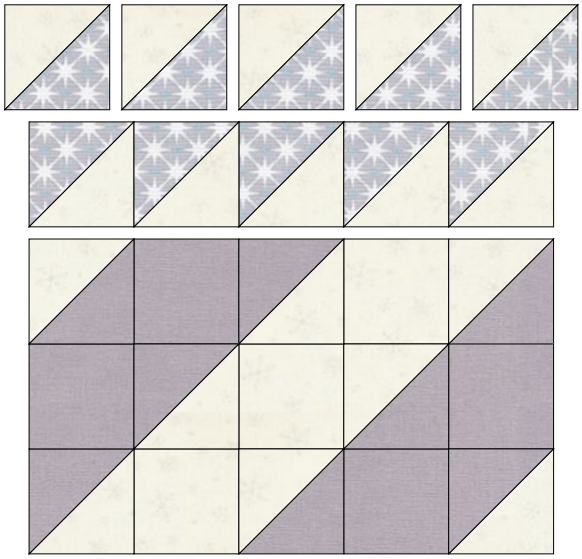
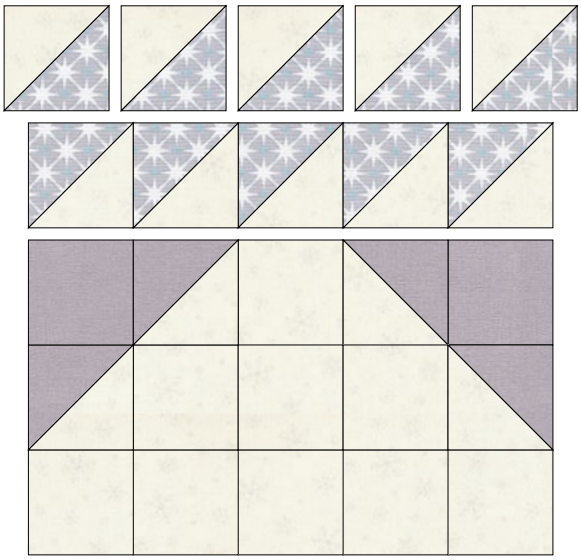
A2



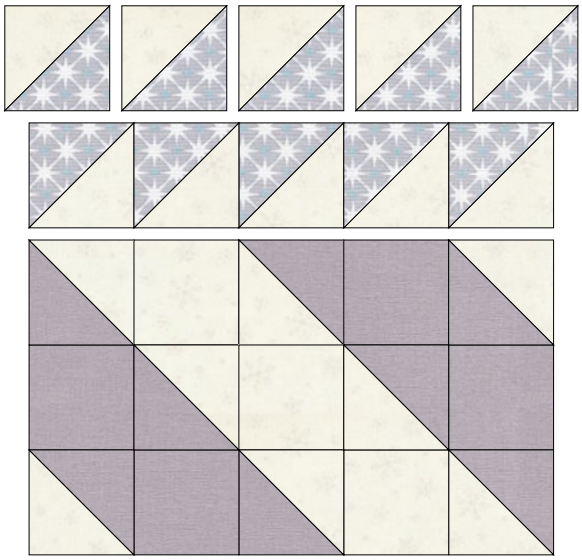
Remember : Each square is a HST, even if the block is a solid color.

Tip! Press seams open.

A3



A4



When aligning each row, line up the seams for the middle blocks first, working out to each side. Pay close attention that each seam is lined up appropriately.

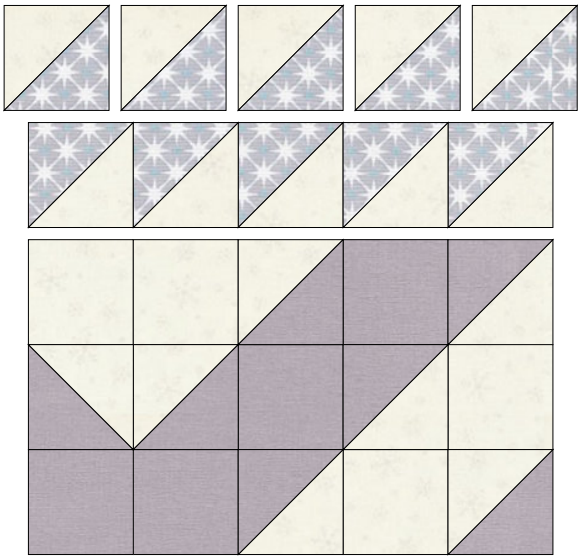
A5



Tips:

Press seams open to avoid bulky connections.

Square up each block before piecing together. Align you ruler on a horizontal seam, lining the vertical side against the innermost area of the side of the block being trimmed. Trim that, rotate and repeat, each time aligning the ruler on the horizontal edge you just trimmed.

Piece together each block in the proper order. Align seems in the middle first, working out to each side. This will help minimize the chance of the shapes becoming misaligned.
